Supersedes:
Group: 58

**SUBJECT: All Model 171, 203, 209, 211, 215, 220 and 230
Model Year 2005
New Items for Battery Maintenance Program**

 Note: For Information Only

The following new items will soon be available to assist dealers in participating in the Battery Maintenance Program, which is applicable to all new vehicles in dealer inventory. Depending on the design of your storage facility, you may choose the item that best meets your needs.

 Note: To allow dealers a sufficient rollout period for purchasing these items Warranty will reinstate the 60 day nonpayment rule into the Battery Maintenance Program, effective November 1, 2004. The nonpayment rule will be increased to 180 days effective February 4, 2005.
